FOREWORD

Following the 1st ENDT Days in 2007 and the highly successful 11th European Conference on NDT 2014 (ECNDT 2014) in Prague, **the Czech society for NDT** in cooperation with other NDT and CM Societies is preparing another important meeting of experts and users from the **NDT, including Condition Monitoring and Structural Health Monitoring areas for the year 2021.**

The 2nd European NDT & CM Days in Prague (October 2021) will consist of – **11th workshop NDT in Progress, International conference NDE & CM for Safety, 51st annual CNDT conference Defectoscopy 2021 and NDT&CM Expo.** During these days you can visit four different events at the Cubex centre Prague. It will be an exceptional opportunity to meet people interested in research & development, as well as in practice, standardization and the application of all NDT/NDE, CM and SHM methods with an emphasis on areas of modern Industry.

These „Days“ will be one of the most important NDT, CM, SHM and related branches **European events in 2021.** We hope that the 2nd European NDT&CM Days 2021 will not only be an opportune time for exchanging research findings but also an occasion for strengthening existing contacts and establishing new ones for all participants. Naturally, seminars, workshops, excursions and other social events will be organized.

This event represents a great opportunity for a select group of interested parties to be actively included in sponsoring and promoting the event and their business.

This will be the event of the decade; we hope to see you there!

Pavel Mazal
CNDT president

Libor Topolář
member of CNDT presidium
